Hi Everyone,

We're on the managers' meeting calendar to do a second briefing on OR CZARA pesticides on Monday, 9/22 at 10AM. Let's meet on Friday with any new information and to vote on a recommendation to approve or disapprove. (If you can't or don't feel the need to come, let me know ahead of time your vote.)

I'll be sending out the latest draft of the issues paper for your edits and review. Attached are notes from our 9/11/14 meeting.
